

## Call for Papers

Brown Governance Inc. is seeking high-quality papers to publish and distribute via its website.

**About Brown Governance:** Brown Governance helps organizations strengthen their governance practices. We stand for being accountable, right in the moral business sense, conservative in values and in touch with new, socially responsible trends. We employ a principle-based approach that empowers board members and senior executives who are responsible for governance. Our integrated portfolio of products and services delivers knowledge, expertise and advice based on a unique blend of experience and research. We offer governance benchmarking capabilities that reflect more than 14 years of research, as well as many years of dialogue with governance leaders.

**About the Papers:** Brown Governance has been writing and publishing governance publications for over 14 years. Our publications are intended to explore current events and provide new research results. Our intent is to improve governance in organizations by providing cross-sectoral research and opinion papers in order to help our readers discover new governance practices, developments and trends—and gain new insights based on critical new research.

**About the Process:** If you have you completed and written a quality, relevant piece of governance research or practical paper on any subject related to governance and would like to see it published we want to hear from you.

Step One: Email or call us with your idea

Step Two: Provide us with a copy of your paper for review

Step Three: The editing process begins

Step Four: Your paper is published!

### **About our Publishing Policies:**

- ✓ BGI reserves the right to accept or reject any submission
- ✓ BGI reserves the right to verify any facts or claims made by within the paper
- ✓ BGI reserves the right to edit or otherwise make stylistic changes to paper (i.e. grammatical, layout and other minor edits.) The author will have ample opportunity to view and approve any and all editorial and stylistic changes. Should the author and BGI disagree in any substantive way in the edit process, BGI or the author will be free to withdraw from any agreement to publish.
- ✓ BGI will publish the paper under its brand with all credit given to the author for the content.
- ✓ BGI and the author will agree to pricing of the paper prior to the document being posted on the website for sale.
- ✓ BGI will be responsible for ensuring appropriate GST or other applicable taxes are remitted following the sale of any publication.
- ✓ Sales of publications will be split as follows: 65% of sales to BGI, 35% of sales to the author.
